FREE WHEELING

Hi all!. As you may have head, I will be Babysitting the Magazine for a few months. I'll try to do it well.

Well, this month the Mag is a bit thin. With the last General meeting a bust due to no power at the meeting room, the the last committee meeting not held due to a lack of numbers, there isn't too much do report on. However we do have at least one trip report on a great trip to wahlhalla by Bruce C.

Remember there is still a bit of a shortage of trips at the moment, so have a look at some of your favourite haunts and see if you can find a good day trip or weekender to run.

Cheers,

Shane Michelon

PRESIDENT'S REPORT

Welcome all to another month of Freewheeling.

As most of you would know by now we have changed the venue of our club meetings, but more importantly we have also changed the day to the first Wednesday of each month.

We have had an ongoing problem with the City of Dandenong and their management of the meeting room (or lack of) at the Library. It started with the poor facilities, the dirty kitchen, filthy toilets and that most of the chairs were half broken and posed a safety issue. On top of this we have had to endure numerous double bookings leading up to completely losing the meeting room for the rest of the year.

Last month was the last straw when there was no power to the meeting room and the meeting had to be cancelled.

We made it a priority to find another meeting room where we would be treated fairly and with better facilities. The major issue we have had, and we have been looking for some months, is that every one of the 10+ venues we looked into didn't have any Tuesdays available. We couldn't even change it to the 2nd Tuesday of the month. We, the committee, ruled out Mondays as there are too many public holidays, and Thursdays as it is too late in the week.

We found a venue that suits us well in a location not too far from where we have always met; with the Noble Park Football Social Club in Noble Park. Here we have a very nice meeting room, DVD and projector facilities, tea and coffee facilities and downstairs is a fully licensed bistro where we can get a meal before the meeting. As a bonus, Wednesday nights is a two for one night.

If by moving this date has caused any difficulties to any of our club members then I truly apologize. In an ideal situation, we would bring this issue to the club meeting to discuss, but we have had to move quickly as the current situation was unworkable.

I am confident that you all will like our new venue with its better facilities and safer car parking and I think this move will help our club to become stronger and better in the years ahead.

I am off for a couple of weeks touring around the Alice Springs area and will be back in time for our first meeting at our new venue. I hope to see you all there, in the mean time, take care.

President

☺☺☺ Humour ☺☺☺

- While fishing in the Darwin harbor, a tourist capsized his boat. He could swim, but his fear of crocks kept him clinging to the overturned craft.
- Spotting a local standing on the shore, the tourist shouted,
- "Are there any crocks around here?!"
- "No mate," the man yelled back,
- "they ain't bin round for years!"
- Feeling safe, the tourist started swimming leisurely toward the shore.
- About halfway there he asked the guy,
- "How'd you get rid of the crocks?"
- "We didn't do nothin'," the local said.
- "The sharks got 'em."

CLUB KITCHEN

It's winter, and we have another stew style dish for you. You could make this one on a trip, or reheat it in a camp oven.

Slow-cooked beef with tortellini

Ingredients (serves 6)

- 1 tbs olive oil
- 900g beef chuck (casserole) steak, cut into 2cm pieces
- 1 brown onion, halved, finely chopped
- 2 garlic cloves, crushed
- 1 x 800g can diced tomatoes
- 125ml (1/2 cup) water
- 2 tbs tomato paste
- 1 tsp caster sugar
- 2 tbs finely chopped fresh continental parsley
- 2 tbs finely chopped fresh basil
- Salt & freshly ground black pepper
- 1 x 625g pkt veal tortellini
- 20g (1/4 cup) finely grated parmesan

Method

Heat the oil in a large saucepan over medium heat. Add the beef and cook, stirring occasionally, for 5 minutes or until brown all over. Transfer to a heatproof bowl.

Add the onion and garlic to the pan and cook, stirring, for 3 minutes or until onion softens. Add the beef, tomato, water, tomato paste and sugar. Bring to the boil. Reduce heat to low and simmer, covered, stirring occasionally, for 1 1/2 hours or until beef is tender. Cook, uncovered, for 15-20 minutes or until sauce thickens slightly. Remove from heat. Add the parsley and basil, and stir to combine. Taste and season with salt and pepper.

Meanwhile, cook the tortellini in a large saucepan of salted boiling water following packet directions. Drain well.

Add the tortellini to the beef mixture and stir to combine. Sprinkle with parmesan and serve immediately.

WALHALLA AND THOMPSON'S DAM AREA 6 - 7 MAY 2009

Participants:

Bruce GU
Eddi & Vera GQ Chopped
Big Shane GU
Little Shane Standard Hilux
Dan and Michelle & Kids GU

The meeting time was arranged for 9:15am with a 9:30am departure from McDonalds in Moe. After a brekkie we then made our way through Yallourn North and then turned off to our first of many river crossings for the day. The interesting thing about this one is the off camber entry to loosen up the drivers and set the scene for the day.

The convoy made its way to Brunton's bridge, with a crossing of the Thompson River to reach the idle island for lunch.

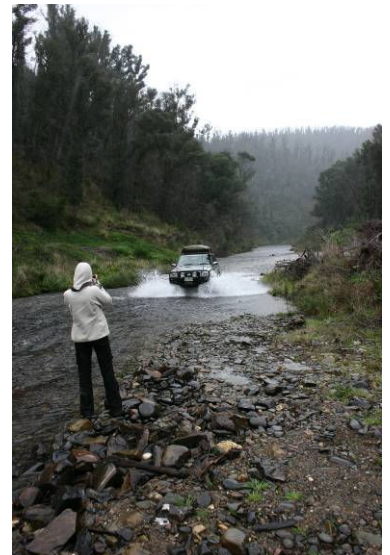

After a 5 mins discussion the convoy decided that the rain wasn't the best spot to stop so we went into Walhalla pub for a counter Meal. After lunch we visited Walhalla for people to explore the township and area. Most people took the opportunity to walk around town. The Lolly shop was very popular.

On the road again we travelled north of the town ship for more hills and river crossings. From here Little Shane took over the Trip leading as he knew the area better.

We drove onto & through Fultons Camping area & across the river, then up One Speck Track. This track had a couple of tricky sections in the wet & on the steepest hill with a few rocky patches little Shane got stuck about 2/3 the way up. After much trying to get himself up under his own steam Bruce had to overtake him mid hill & give him a quick snatch. After the hill it was all straight forward with some steep slippery bits here & there. As dark was fast approaching we headed for Merringtons for our Overnight Stop.

After a hard night, some dragged themselves out of bed for the next days run. Shane again took the lead (In 2nd place) to take us on a few more tracks. These were Jorgenson, Tomboon, Eaton, Comet then into Aberfeldy. After that we were back onto the main road where we headed towards the Dam.

Before the dam we took Beardmores track in the nice sunshine (First bit for the weekend) & stopped for lunch after the crossing of the Thompson. After the lunch & a quick look at the dam we headed for home.

Thanks to all that ran & came on the trip. & especially to little Shane who showed us the tracks we hadn't planned.
